HAWAII COMMUNITY
FOUNDATION

PURPOSE

The **Community Grants Program** provides project or program-based funding to nonprofit organizations benefitting the communities and people of Hawai'i. Specific community funds established at Hawai'i Community Foundation (HCF) support the Community Grants Program. The priorities of the funds for this particular RFP are:

‘Ewa Beach Community Fund

The purpose of the fund is to support activities and projects of charitable agencies that work to improve the quality of life of the residents of the ‘Ewa area. Preference will be given to projects that address a community need and benefit the ‘Ewa Community that:

- Are conducted by organizations based in the ‘Ewa area, have a history of involvement in the ‘Ewa community, or are partnering with an ‘Ewa organization, with strong preference given to groups based in ‘Ewa Beach;
- Involve or serve youth, particularly out of school time, or the elderly;
- Are supporting program expenses, as opposed to personnel expenses.

Kahuku Community Fund

The fund was established with a broad purpose, “to be used for charitable and community purposes within the geographic district of Kahuku, bounded by Turtle Bay and Malaekahana.” Preference will be given to projects that address a community need and benefit the Kahuku community in the following areas:

- educational opportunities, including early care and education
- recreational opportunities
- economic sufficiency for self, family and community; such as emergency assistance to individuals and families
- social conditions such as crime, poverty, substance abuse or domestic violence
- health care
- strategic action plan around future development of the Kahuku community
- greater understanding of traditional and contemporary cultural arts, practices and values of the Ko‘olauloa moku

The Community Grants Program will conduct three (3) grant rounds. Each grant round of the Community Grants Program will have a different priority. Please read each RFP associated with a grant round to ensure eligibility.

BACKGROUND

HCF understands that unique and special qualities exist for each community and neighborhood throughout our islands. We believe that nonprofit organizations supporting these communities are best informed of the needs and opportunities that exist through the connections and relationships that they build every day.

The Hawai'i Community Foundation Community Grants Program seeks to support nonprofit organizations in their missions to respond to and address community needs, helping to build and sustain vibrant communities throughout Hawai'i. Specific community funds established at HCF will provide for grants to nonprofit organizations that address the priorities of each fund. These community funds previously provided grants through HCF's *FLEX Grants Program*; however, HCF recognized the need to revise its strategy to reach a broader range of community-serving organizations with targeted and intentional work in specific geographies and focus areas. Fund advisory committees will review proposals and make grant recommendations to support projects or programs that are most consistent with the purpose and priorities of the fund.
