HAWAI'I COMMUNITY FOUNDATION

Community Grants Program

The Community Grants program provides project and program-based funding to nonprofit organizations benefiting communities in Hawai'i. We believe that those working closest to the people they serve are best informed of the needs and opportunities that exist through the connections and relationships that they build every day.

Specific geographic funds established at the Hawai'i Community Foundation support this program and are conducted in three different grant rounds throughout the year.

KAUA'I
